Is your department involved in community wellness?

The answer is YES!

Parks and recreation agencies are a big part of healthy communities. One of the newest programs, Park Rx America, uses a searchable database for health care providers to prescribe your parks! We will hear from John Henderson, Executive Director of Park Rx America via the web, and Denise Lanza, Assistant Deputy Director, Morris County Park Commission, about how your agency can join NJRPA in bringing Park Rx America to New Jersey.
